A post-discovery status conference was held with counsel appearing telephonically. The Court first noted that motions for summary judgment have been filed and inquired whether counsel preferred to continue the post-discovery status conference until after the disposition of the pending motions. Counsel agreed that continuing the post-discovery status conference would be appropriate.

Attorney Troutman noted that Defendant is willing to orally argue its motion for summary judgment if the Court finds that it would be helpful. Attorney Manning stated that he does not believe that oral argument is necessary but stated that he would participate. The Court stated that it will review the motions to determine whether oral argument is necessary. If the Court schedules oral argument, it will work to accommodate the attorneys' schedules, as they are all located in California.
